◆ Welcome Message

On behalf of the Organizing Committee of the 11th Biennial Congress of the Asian-Pacific Hepato-Pancreato-Biliary Association (A-PHPBA 2027), it is my great honor and pleasure to extend a warm invitation to you to join us at A-PHPBA 2027 that will take place from September 22 (Wed) to 25 (Sat), 2027 at BEXCO in Busan, Korea.

Under the theme of “Leading the Way for the World”, the congress will highlight cutting-edge research, showcase innovative technologies, and foster thought-provoking discussions led by distinguished experts. In particular, our Live Demonstrations will be conducted by leading hospitals across Korea, offering exclusive insights directly from the operating rooms. You will also be able to witness the latest advancements up close at the Laparoscopic and Robotic Surgery Competition.

In addition to the scientific sessions, the congress will be a great place to meet colleagues and build new partnerships. Busan, with its mix of traditional charm and modern energy, will offer participants a truly unique experience.

I am especially pleased to welcome you in late September, a most beautiful time of the year in Busan. While attending the congress, you will enjoy the fresh autumn breeze, clear skies, and stunning coastal scenery. It will be the perfect season to explore Busan’s breathtaking nature as well as its vibrant culture and renowned cuisine.

I truly look forward to welcoming you to A-PHPBA 2027 in Busan and sharing the memorable moment with you.

Ki-Hun KIM, M.D., Ph.D.

Congress President

Organizing Committee of A-PHPBA 2027
